Where Maira Is Welcome

Little Maira Kalnins, now somewhere in the Indian ocean aboard the steamer Fair Sea, probably doesn't know that she is an important and famous person.

Maira, seven years old and a Latvian, is the 50,000th displaced person sent to Australia. Except for those who have gone to the new land of Israel it is a record unequalled in proportion to its population by any other land.

While some take displaced persons reluctantly and others receive them in limited numbers, Australia welcomes them with the most elaborate provisions made by any country. It has plenty of land and too few inhabitants. These new comers from Europe may well be what Australia needs to build her own prosperity. Immigrants of less promise played a large part in making America great.

No Future In It

The spat between the Tito crowd in Yugoslavia and the Moscow headquarters of the Communist party has baited the same trap that snagged Uncle Sam's whiskers once before.

For purely diplomatic reasons, the United States is helping Tito to spite Moscow, just as it helped Stalin to spite Berlin. But there's one mistake which doesn't have to be repeated.

No American is expected to believe that Tito is anything but what he is—a hireling dictator who betrayed his managers. His quarrel with the Kremlin is one of those bitter things that cause the Stalins to murder the Trotskys, not the kind of a quarrel that causes a Communist to turn his back on the party.

Tito is a Red terrorist in Yugoslavia, the same as he always was. His hands are bloody. A little less than two years ago, Belgrade itself was the scene for the formation of the new "cominform." Whatever diplomats may do to make Tito seem to be something better than he is—for diplomatic purposes—there's no future in taking diplomats seriously. Only four years ago, they were still telling Americans that the Soviet union and its dictator, Josef Stalin, were friends of the United States and should be given the benefit of every doubt.

Easy On The Sniffing

One reason why public officials hate to cut back expenses is their sense of pride. Here's how it works:

The order comes down from on high to lay off so and so many employees, to keep operating costs below a certain figure. So the employees are laid off. But when it happens, does anyone get credit for saving public money?

No. One of two things can be counted on to happen. Either the same people who were clamoring for economy demand special consideration for employees laid off in their districts. Or when the employees are laid off, taxpayers sniff, "well, that goes to show they must never have been needed in the first place."

No public official likes to be put on the defensive by that kind of a remark. Public payrolls aren't the only ones that can be trimmed. And by the same token they're not the only ones which are padded, in the sense that fewer people could do the work without hurting themselves.

The least a taxpayer who really wants economy can do is give credit where it's due when a payroll is trimmed. Secretary of Defense Johnson, for example, is trimming the department's payroll—without much encouragement. It would help if taxpayers would be less sniffish when the ax fell. Public employees aren't the only ones who can be lopped off a payroll and never missed after the first shock of amputation.

How Free?

Mr. Truman was peevish again in his American Legion speech at Philadelphia about newspapers which fail to share his visions. He then outlined his particular vision of international economics.

It calls for international prosperity. Otherwise, there can be no peace, nor can there be prosperity in the United States. Therefore, all nations must work together to repair the damage of war, complete the restoration of Europe's economy and revive world trade. "We must demonstrate," said Mr. Truman, "that the economic system of the free nations is better than the system of Communism."

There must be no more economic nationalism. The law of dog-eat-dog must be repealed. The United States must do this and that to help "free nations." And among the things it must do, according to Mr. Truman, is to refrain from criticizing its international associates. On this point it's necessary to disagree sharply with Mr. Truman.

He apparently is referring to criticism of the British. According to his reasoning, Britain is one of the "free nations" and therefore must be taken on faith. Its version of state socialism must be fitted into a pattern of free trade and free enterprise. It's on that score that Mr. Truman is dead wrong when he asks his countrymen to refrain from criticism.

An international society half socialist and half free is as impossible as a nation half slave and half free in Abraham Lincoln's time. Mr. Truman himself knows that, his advisers know it, and every Briton who isn't blinded by political malarkey knows it. So does every European know it, for that matter. Americans who imagine they can carry on free trade as individuals with countries whose economic decisions are dictated by government are due for a rude surprise.

THE STARS SAY:

For Wednesday, August 31

WHILE the mentality and inner drives seem to encourage forging ahead into new and untrodden fields of accomplishment, it might be as well to be prepared for negligible support or endorsement from influential sources. Indeed there may be active opposition to the most clever or progressive propositions, with stubborn efforts to thwart or block rather than assist. Only fast work, clever and astute action, with determination, can expect to win out.

For The Birthday

Those whose birthday it is, may be active, energetic and full of talents and ideas for an ambitious and progressive career in life, being versatile and enterprising, with splendid mentality. However, there may be active interference or opposition from those whose cooperation seems vital and essential as well as eagerly desired. Only swift action, patience, insight, and determination to go on against all odds or limitations can be expected ultimately to win.

A child born on this day, while versatile, clever, shrewd and venturesome, may find itself blocked for want of cooperation or through active opposition. Its success may spring from its own keen mental insight, determination and studious effect.

SIDE GLANCES

By Galbraith

"The baby sitter said those children's verses are corny. Dad—can you find the book she read to me about murder in a sewer?"

Guarding Your Health

By DR. HERMAN BUNDESON

PARENTS sometimes are upset by the discovery that their child is left-handed. This is useless worry because, other things being equal, the left-handed child will get along as well as his right-handed playmates. Since, however, this is a right-handed world, he may suffer a little inconvenience as he grows older. For this reason, some doctors suggest that all children should be taught to use the right hand for writing when first entering school. However, if the child objects or shows signs of nervous strain, one of which may be stuttering, efforts to have him use his right hand should be stopped. Two factors influence handedness: environment and heredity. In other words, left-handedness may run in families.

Effect of Surroundings

The effect of the surroundings on left-handedness is shown by the fact that today more than nine out of ten adults use the right hand, yet in early civilization, half of all weapons were made for left-handed persons. Furthermore, two out of ten kindergarten children prefer the left hand. In other words, the fact that equipment, tools and instruments are made for right-handed persons causes the great majority of individuals to use their right hands for work and other procedures.

The fact that left-handedness persists may be due to a number of things, such as temporary disablement of the right hand or the child's imitation of a left-handed sister or brother or parent. The child may have a negative attitude, that is, he always says "no" to his parents' efforts to teach him to use his right hand. Faulty training may be a factor. For example, the parents may misinterpret the use of both hands by the child as preference for the left hand, or the parents may always hand an object to the child's left hand.

Disturbances in the speech, such as stuttering, and trouble in reading, are not likely to develop in a child who is strongly left-handed. They are more likely to

OHIO CONGRESSMEN HEAD FOR EUROPE TO STUDY PLANS

By G. MILTON KELLY
AP Special Washington Service
WASHINGTON, Aug. 30 — (AP)—One Ohio congressman is heading for Europe today, two more plan to go abroad soon, while two others already are in Europe on business and pleasure trips.

The start of the house recess found three other Ohioans ailing, and several of them already back home for talks with their constituents.

Rep. Feighan (D) is a member of a house judiciary committee group going to Europe to study displaced persons problems.

Study DP Problem
Rep. Walter (D-Pa.), who heads that group, indicated it is thinking in terms of settling displaced persons in areas other than America, possibly with financial aid from the world bank.

Rep. Huber (D) is to leave soon as head of another house group to tour Asian countries, including Japan and Korea, and check up on U. S. spending and various other problems. He has not yet announced the date or details of the proposed trip.

Rep. Kirwan (D) has announced he will visit Europe at his own expense after congress adjourns to check into American spending and other matters.

Rep. Bolton (R) already is in Europe studying educational matters. Rep. McSweeney (D) left last week with Mrs. McSweeney on a European tour celebrating their silver wedding anniversary.

One ailing congressman, Rep. Smith (R), plans to spend the recess at his home in Marion, recovering from a case of near heat prostration which has kept him in a hospital for nearly a month.

Operation Trouble
Of the other two, Rep. McGregor (R) is reversing direction and returning to Washington to complete his recovery from an ear operation and do some work. The third one, Rep. Clevenger (R), is recovering from an eye operation at home.

Rep. Wagner (D) will interrupt his trip back home to return here next week in connection with the proposed sale of buildings in the "model" Green Hill village near Cincinnati.

The Public Housing administration is negotiating with the buildings occupants for the sale. Wagner said "I want to be here to see to it that no speculators derive benefit from what is intended to be a worthy project."

PHA officials and representatives of the occupants plan another meeting, possibly Tuesday, to discuss the sale price, Wagner said.

Other Ohio congressmen said the recess is an opportunity to find out what their constituents want and what they think of this congress—and they will take full advantage of it.

Color Television Price Will Be About \$75, Report

WASHINGTON, Aug. 30—(AP)—The Columbia Broadcasting System's version of a color converter for present television sets would cost about \$75 once it was being mass-produced.

That estimate was offered yesterday by CBS President Frank Stanton in a letter to Federal Communications Commissioner Robert F. Jones.

Stanton released the letter, along with one he wrote to Chairman Johnson (D-Colo.) of the senate commerce committee after Johnson had said some parts of the radio industry had lost interest in color television. Stanton's letter said:

"On the contrary, I know you will agree that we are doing everything we reasonably can to make color television generally available at the earliest possible time."

40 Students Stuck At N. Y. Airport

SEATTLE, Aug. 30—(AP)—Forty students stranded at New York's International airport are going to have to make their way home by themselves, the sales manager of Alaska Airlines said here tonight.

The official, Les Greening, said the company's contract with the students for transportation to and from Amsterdam, Holland, had been terminated by a Civil Aeronautics board order to "cease and desist" service pending a hearing of charges the airline had violated safety regulations.

He said the company had discontinued all overseas operations with issuance of the CAB order, but had arranged with Seaboard & Western Airlines to return the students from Amsterdam to New York. He said the students had been assured only that they would be returned to the United States.

Most of the stranded students live in Illinois and were originally scheduled to be brought to Chicago.

Hiroshima Bombing Cost 240,000 Lives

NEW YORK, Aug. 30 — The atomic bombing of Hiroshima on Aug. 6, 1945, took 210,000 to 240,000 lives, including those of 30,000 troops, says the mayor of the Japanese city.

Mayor Shimzo Hamai was interviewed yesterday by Norman Cousins, editor of The Saturday Review of Literature. The interview was carried by the American Broadcasting company.

The mayor said he based his estimate on the number of ration cards he issued before and after the explosion. Hamai was the city's ration commissioner during the war.

Hamai's figure is higher than any previously used by Japanese or American sources.

The U. S. strategic bombing survey reported on June 29, 1946, that the most plausible estimate of dead was 70,000 to 80,000 with an equal number injured. Supreme allied headquarters at Tokyo on Feb. 3, 1946, estimated 78,000 dead and 14,000 missing.

Robeson Backers Demand Recourse

NEW YORK, Aug. 30—(AP) Backers of Paul Robeson plan to call on Gov. Thomas E. Dewey today and demand a probe of the riot that cancelled a concert by the Negro singer Saturday night.

Their demands—coming in a flurry of charges by Robeson and others—include the ouster of several Westchester county officials. Groups of Robeson supporters plan to call on Dewey and Attorney General Nathaniel Goldstein and make charges that the officials failed to give police protection at the riot scene near Peekskill, N. Y.

Robeson himself claimed the disorder was part of a "national terror" and an attack on the Negro people, and he demanded that Dewey start an investigation.

The governor's office gave no

hint of what his reply to the demands might be.

A huge crowd, estimated at 5,000 persons, was caught up in the surging battle, which raged in darkness in a wooded picnic grove where Robeson was scheduled to sing.

Cost of Living Index Shows Drop

WASHINGTON, Aug. 30—(AP)—The government's living cost index took a new dip today. It fell six-tenths of one per cent from mid-June to mid-July.

The Bureau of Labor Statistics said the mid-July living costs level was 168.5 per cent of the 1935-39 average. That average is figured at 100 on the index.

The new index is three per cent under a year ago but 70.9 per cent over the August, 1939, prewar level.

Price drops for foods, wearing apparel and house furnishings caused the living cost decline. Foods averaged 1.3 per cent lower, apparel nine-tenths of one per cent, and house furnishings three-tenths of one per cent lower. Slight rises in costs for rents

What's a gallon of Gasoline worth?

It weighs just over 6 pounds.
It will carry the average car and 4 passengers 15 miles.
In many cases it travels a thousand miles to reach the service station where you buy it.
Thousands of specially skilled individuals have a hand in refining it and bringing it to you.
You buy it at a convenient place where there's a clean rest room and a courteous attendant to wipe your windshield.
What's a gallon of gasoline worth?
Well, that's decided by thousands of buyers of gasoline just like yourself who will pay just what they have to and not a penny more. Prices are established in the open market place and depend

exactly on how many people want to buy in terms of the quantity the competing oil companies are able to supply. Regardless of worth, the price of gasoline is arrived at by the driving public. If it's Sohio X-70, the price is 19¢ plus 5½¢ in State and Federal taxes.
Yes, gasoline in Ohio is one of the world's great bargains. It could happen only in America where free capital operating in a free market competes to get your business.
The "freedoms" like this have helped America grow and prosper. Our future depends upon keeping them. It's worth thinking about, isn't it, next time you say, "Fill 'er up?"

Sohio publishes this advertisement to provoke public and private thought about American ideals and ways.

Ackelson-Clark Nuptials Held In Youngstown Church

When Miss Phyllis Virginia Ackelson exchanged marriage vows at 7:30 p. m. Saturday with Robert Hill Clark, Jr., in the Youngstown Woodland Avenue Lutheran church, she wore a gown of imported Viennese lace and ivory satin fashioned by her mother.

Her parents are Mr. and Mrs. Frank B. Ackelson, Jr., of 301 N. Roosevelt ave., while the groom is the son of Mr. and Mrs. Robert H. Hill Clark, Sr., of Youngstown.

Rev. Paul A. Adams was the officiating clergyman. The bride was given in marriage by her father.

Bouquets of Snow Princess gladioli and white pompons made the background setting at the altar and cathedral candles lighted the scene.

The traditional nuptial marches were played by Mrs. Paul Adams, organist. She also accompanied Vernon Hamilton who sang the wedding melodies.

Bridal Attire

The bride's gown was styled in the colonial mode. The bodice was fitted with a portrait neckline. Over the lace skirt were deep flounces of sheer marquisette which extended to the end of the sweeping train. Her fingertip veil of imported illusion was fastened to a lace-crowned bonnet of marquisette. She wore lace mitts and carried white roses and stephanotis frilled with organza in colonial effect.

Miss Margaret Parsons of Youngstown was maid of honor and Miss Sue Ann Cailor and Miss Betty Jayne Dimenno, also of Youngstown, were bridesmaids. Their bouffant gowns were of taffeta. An American beauty shade was used for Miss Parsons' gown and the tiera she wore in her hair matched her colonial rose bouquet. The bridesmaids wore golden baby mums for

headresses and carried the same flowers in contrast to their turquoise gowns.

Dale Karger of Pittsburgh, brother-in-law of the groom was best man. Charles Bannon and Frank Duesing of Youngstown were ushers.

Reception At Church

The couple greeted relatives and friends at a reception in the church parlor. The buffet table was decorated with garden flowers. A tiered wedding cake was served to the guests.

The newlyweds left for a honeymoon trip to New York City and the New England states.

On their return they will live with his parents but later will occupy an apartment on Glacier Heights rd., Youngstown.

The bride attended Dana School of Music at Youngstown college and was employed as an operator here by the Ohio Bell Telephone Co. Both graduated from Youngstown South High school. He saw four years service in the Marine corps and is now a junior in the school of engineering, Youngstown college.

Announce Engagement Of Evelyn Burt

Mr. and Mrs. Andrew G. Burt of R. D. 4, Salem, announce the approaching marriage of their daughter, Evelyn, Salem school teacher, to Norman D. Park, son of Mr. and Mrs. Luther A. Park of Everett, O.

The couple have planned their wedding for 8:30 p. m. Friday in the Concord Presbyterian church. Rev. Earl Fritz will officiate. Custom of open church will be observed. No invitations have been issued.

Miss Burt has chosen Miss Helen Dye of Richmond as her maid of honor.

Bridesmaids will be Miss Rose Marie Walters of Salem and Miss Mary Evelyn Dye of Toronto, O.

Marcella Kerr of Carrollton and Gary Conger of Peninsula will be flower girl and ring bearer, respectively.

Winston Park of Canton will be his brother's best man. Ushers will be Henry Burt, brother of the bride, and E. B. Conger of Peninsula.

Winston Park will also be soloist, with Miss Mary Burgoyne of Ellsworth as the accompanist.

Following the ceremony there will be a reception for relatives and friends at Miss Burt's home.

Dwight M. Getz and daughter, Marcia, of E. Fourth st., are visiting his brother, Keith, at Quakertown, Pa. From there the brothers will go to Buffalo, N. Y., to visit another brother, Joseph.

Paul Hannay of S. Lundy ave. is spending the week with Early Wynn of Cleveland.

OHIO CONGRESSMEN HEAD FOR EUROPE TO STUDY PLANS

By G. MILTON KELLY
AP Special Washington Service
WASHINGTON, Aug. 30 — (AP)—One Ohio congressman is heading for Europe today, two more plan to go abroad soon, while two others already are in Europe on business and pleasure trips.

The start of the house recess found three other Ohioans ailing, and several of them already back home for talks with their constituents.

Rep. Feighan (D) is a member of a house judiciary committee group going to Europe to study displaced persons problems.

Study DP Problem

Rep. Walter (D-Pa.), who heads that group, indicated it is thinking in terms of settling displaced persons in areas other than America, possibly with financial aid from the world bank.

Rep. Huber (D) is to leave soon as head of another house group to tour Asian countries, including Japan and Korea, and check up on U. S. spending and various other problems. He has not yet announced the date or details of the proposed trip.

Rep. Kirwan (D) has announced he will visit Europe at his own expense after congress adjourns to check into American spending and other matters.

Rep. Bolton (R) already is in Europe studying educational matters. Rep. McSweeney (D) left last week with Mrs. McSweeney on a European tour celebrating their silver wedding anniversary. One ailing congressman, Rep. Smith (R), plans to spend the recess at his home in Marion, recovering from a case of near heat prostration which has kept him in a hospital for nearly a month.

Operation Trouble

Of the other two, Rep. McGregor (R) is reversing direction and returning to Washington to complete his recovery from an ear operation and do some work. The third one, Rep. Clevenger (R), is recovering from an eye operation at home.

Rep. Wagner (D) will interrupt his trip back home to return here next week in connection with the proposed sale of buildings in the "model" Green Hill village near Cincinnati.

The Public Housing administration is negotiating with the buildings occupants for the sale. Wagner said "I want to be here to see to it that no speculators derive benefit from what is intended to be a worthy project."

PHA officials and representatives of the occupants plan another meeting, possibly Tuesday, to discuss the sale price, Wagner said.

Other Ohio congressmen said the recess is an opportunity to find out what their constituents want and what they think of this congress—and they will take full advantage of it.

Color Television Price Will Be About \$75. Report

WASHINGTON, Aug. 30—(AP)—The Columbia Broadcasting System's version of a color converter for present television sets would cost about \$75 once it was being mass-produced.

That estimate was offered yesterday by CBS President Frank Stanton in a letter to Federal Communications Commissioner Robert F. Jones.

Stanton released the letter, along with one he wrote to Chairman Johnson (D-Colo.) of the senate commerce committee after Johnson had said some parts of the radio industry had lost interest in color television. Stanton's letter said:

"On the contrary, I know you will agree that we are doing everything we reasonably can to make color television generally available at the earliest possible time."

40 Students Stuck At N. Y. Airport

SEATTLE, Aug. 30—(AP)—Forty students stranded at New York's International airport are going to have to make their way home by themselves, the sales manager of Alaska Airlines said here tonight.

The official, Les Greening, said the company's contract with the students for transportation to and from Amsterdam, Holland, had been terminated by a Civil Aeronautics board order to "cease and desist" service pending a hearing of charges the airline had violated safety regulations.

He said the company had discontinued all overseas operations with issuance of the CAB order, but had arranged with Seaboard & Western Airlines to return the students from Amsterdam to New York. He said the students had been assured only that they would be returned to the United States.

Most of the stranded students live in Illinois and were originally scheduled to be brought to Chicago.

Wins 2nd In Contest

PHILADELPHIA, Aug. 30—Portage Post No. 496 of Kent, O., won second place yesterday in the American Legion 1949 Senior band championship competition with 94.60 points. The Harwood post band of Joliet, Pa., won the championship with 96.60 points.

Hiroshima Bombing Cost 240,000 Lives

NEW YORK, Aug. 30 — The atomic bombing of Hiroshima on Aug. 6, 1945, took 210,000 to 240,000 lives, including those of 30,000 troops, says the mayor of the Japanese city.

Mayor Shimzo Hamai was interviewed yesterday by Norman Cousins, editor of The Saturday Review of Literature. The interview was carried by the American Broadcasting company.

The mayor said he based his estimate on the number of ration cards he issued before and after the explosion. Hamai was the city's ration commissioner during the war.

Hamai's figure is higher than any previously used by Japanese or American sources.

The U. S. strategic bombing survey reported on June 29, 1946, that the most plausible estimate of dead was 70,000 to 80,000 with an equal number injured. Supreme allied headquarters at Tokyo on Feb. 3, 1946, estimated 78,000 dead and 14,000 missing.

Robeson Backers Demand Recourse

NEW YORK, Aug. 30—(AP) Backers of Paul Robeson plan to call on Gov. Thomas E. Dewey today and demand a probe of the riot that cancelled a concert by the Negro singer Saturday night.

Their demands—coming in a flurry of charges by Robeson and others—include the ouster of several Westchester county officials. Groups of Robeson supporters plan to call on Dewey and Attorney General Nathaniel Goldstein and make charges that the officials failed to give police protection at the riot scene near Peekskill, N. Y.

Robeson himself claimed the disorder was part of a "national terror" and an attack on the Negro people, and he demanded that Dewey start an investigation.

The governor's office gave no

hint of what his reply to the demands might be.

A huge crowd, estimated at 5,000 persons, was caught up in the surging battle, which raged in darkness in a wooded picnic grove where Robeson was scheduled to sing.

Cost of Living Index Shows Drop

WASHINGTON, Aug. 30—(AP)—The government's living cost index took a new dip today.

It fell six-tenths of one per cent from mid-June to mid-July. The Bureau of Labor Statistics said the mid-July living costs level was 168.5 per cent of the 1935-39 average. That average is figured at 100 on the index.

The new index is three per cent under a year ago but 70.9 per cent over the August, 1939, prewar level.

Price drops for foods, wearing apparel and house furnishings caused the living cost decline. Foods averaged 1.3 per cent lower, apparel nine-tenths of one per cent, and house furnishings three-tenths of one per cent lower. Slight rises in costs for rents

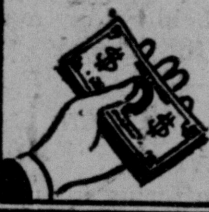

and miscellaneous goods and services, including municipal transportation fares, were recorded.

Foods alone are seven per cent under a year ago and 38.5 per cent over the level when government

price controls were in effect. Among foods, price declines were noted by the bureau for meats, poultry, fruits and vegetables, fats and oils, sugar and bakery products.

What's a gallon of Gasoline worth?

It weighs just over 6 pounds.

It will carry the average car and 4 passengers 15 miles.

In many cases it travels a thousand miles to reach the service station where you buy it.

Thousands of specially skilled individuals have a hand in refining it and bringing it to you.

You buy it at a convenient place where there's a clean rest room and a courteous attendant to wipe your windshield.

What's a gallon of gasoline worth?

Well, that's decided by thousands of buyers of gasoline just like yourself who will pay just what they have to and not a penny more. Prices are established in the open market place and depend

exactly on how many people want to buy in terms of the quantity the competing oil companies are able to supply. Regardless of worth, the price of gasoline is arrived at by the driving public. If it's Sohio X-70, the price is 19c plus 5½c in State and Federal taxes.

Yes, gasoline in Ohio is one of the world's great bargains. It could happen only in America where free capital operating in a free market competes to get your business.

The "freedoms" like this have helped America grow and prosper. Our future depends upon keeping them. It's worth thinking about, isn't it, next time you say, "Fill 'er up?"

Sohio publishes this advertisement to provoke public and private thought about American ideals and ways.

Ackelson-Clark Nuptials Held In Youngstown Church

When Miss Phyllis Virginia Ackelson exchanged marriage vows at 7:30 p. m. Saturday with Robert Hill Clark, Jr., in the Youngstown Woodland Avenue Lutheran church, she wore a gown of imported Viennese lace and ivory satin fashioned by her mother.

Her parents are Mr. and Mrs. Frank B. Ackelson, Jr., of 301 N. Roosevelt ave., while the groom is the son of Mr. and Mrs. Robert H. Hill Clark, Sr., of Youngstown.

Rev. Paul A. Adams was the officiating clergyman. The bride was given in marriage by her father.

Bouquets of Snow Princess gladioli and white pompons made the background setting at the altar and cathedral candles lighted the scene.

The traditional nuptial marches were played by Mrs. Paul Adams, organist. She also accompanied Vernon Hamilton who sang the wedding melodies.

Bridal Attire
The bride's gown was styled in the colonial mode. The bodice was fitted with a portrait neckline. Over the lace skirt were deep flounces of sheer marquisette which extended to the end of the sweeping train. Her fingertip veil of imported illusion was fastened to a lace-crowned bonnet of marquisette. She wore lace mitts and carried white roses and stephanotis frilled with organza in colonial effect.

Miss Margaret Parsons of Youngstown was maid of honor and Miss Sue Ann Cailor and Miss Betty Jayne Dimenno, also of Youngstown, were bridesmaids. Their bouffant gowns were of taffeta. An American beauty shade was used for Miss Parsons' gown and the tiera she wore in her hair matched her colonial rose bouquet. The bridesmaids wore golden baby mums for

headresses and carried the same flowers in contrast to their turquoise gowns.

Dale Karger of Pittsburgh, brother-in-law of the groom was best man. Charles Bannon and Frank Duesing of Youngstown were ushers.

Reception At Church
The couple greeted relatives and friends at a reception in the church parlor. The buffet table was decorated with garden flowers. A tiered wedding cake was served to the guests.

The newlyweds left for a honeymoon trip to New York City and the New England states.

On their return they will live with his parents but later will occupy an apartment on Glacier Heights rd., Youngstown.

The bride attended Dana School of Music at Youngstown college and was employed as an operator here by the Ohio Bell Telephone Co. Both graduated from Youngstown South High school. He saw four years service in the Marine corps and is now a junior in the school of engineering, Youngstown college.

Bliss Edges China 1-0 In Tingler; VFW Gets Past Furance; League Finals Begin Tonight

Amvets' Team Wins League Hit Title

With a neat .311 batting average, the Salem Amvets led the American league in hitting this season. The team rapped out the most hits, 206, and scored the most runs, 217.

The Diner nine turned in a respectable, 293 average, with 193 safeties and 189 runs. The other teams, paced by the Democrats at .255, trailed. All gathered more than 100 hits each.

The fielding booby prize went to Swetyes, with 89 errors. The Saxons had 72 misplays, Jaycees 70 and Amvets 65. The tightest fielding combine was the Deming outfit, with only 39 errors.

Davis' Blazing Triple Breaks Up Scoreless Fray; Amvets-Demings Meet

By DON E. BEATTIE

Bases loaded, no score, no one out . . . Still no score . . . A blazing triple by Pete Davis; then a run on a throw-in . . . Batters pounding them out long and hard . . . Fielders making unbelievably perfect plays . . . Strikeouts, fine base-running . . .

It's all past history, but yet there's more to come . . . The big finals in the Class A American and National leagues begin at Reilly stadium tonight . . . Fans just can't afford to miss it . . .

Those thoughts and a hundred more thrilling ones raced through minds last night at Reilly stadium as the Bliss earned its way into the National league softball finals against the VFW, easy winners 4-1 over the Electric Furnace in the other fray Monday.

Now the stage is set for the big final series in both leagues. The Bliss meets the VFW at 8 tonight followed by that long-awaited clash between the Demings club and the vaunted Amvets. The first team in each series to win two earns its way to the big chance at the title.

Monday's card was superb, especially the finale between Bliss and the 1948 champs, the Salem China. The Bliss won out 1-0 on a lonely run, and it looked bigger than a mountain as it came on Pete Davis' crashing seventh inning line triple in the slot between center and left.

Davis scored when a throw got away at the plate after beautiful recovery in center by reliable little Eddie Duco. It was a tough break, but it paid off for the Bliss.

But Davis' scoring blast is only one minute, almost anti-climatic event in a ball game that was stuffed from start to finish with splendid ball, heads-up playing and enough thrills to satisfy anyone.

Both Dale Ritchie of the China and big, agile Wayne Russell of Bliss were in red-hot form. Their mates, too, were playing with all the hustle, pep and precision of teams who know when they're warm.

The game went 0-0 for six full innings, but the fans were on the edge of their seats all the way. Russell retired the China in order in the first, second and third frames and heads-up play by Walt Brian, Jimmie Primm and Del Court put together a fire-ball double play to erase an error in the fourth. Only two China then batted after Harry Ehrhart had beat out a pretty bunt that Davis fumbled. Ehrhart was nipped going into third on Primm's pretty toss from first. Brian led off with a double in the fourth, but never threatened to score.

The fifth looked bad for Bliss. After Ritchie was out leading off, "Goose" McGaffick singled and Danny Kenst did the same. One out, two on and Morrison was out Russell to Brian. Then Johnny Drakulich got brushed by a Russell pitch and the sacks were loaded with two away. But Hoss Wright fanned and it was stopped.

In the tingling sixth the China had it whipped—so so it seemed. Speedy Ehrhart beat out a perfect bunt for a lead-off hit. Eddie Duco was hit by Russell and went to first. Steve Cibula slugged and the sacks were full, no one down.

Russell was sweating, but still working like a charm. He forced Ritchie to pop up to Brian. McGaffick obligingly did the same as Ehrhart was nearly doubled off third. With two down and bases still full, Danny Kenst slapped one to the mound. Muscles fumbled it momentarily and then heaved to Brian for the out.

It was a miraculous save after the sacks had been full with NO ONE down! It was Russell at his best.

The run came quickly. With one out in the seventh, Davis ploughed into a Ritchie heave

and sent it like a bullet to left center. Duco retrieved the ball and got it in to hold Davis at third.

But the toss to the plate from short left field bounded past Catcher Drakulich and Davis scored easily. After that it was soon all over. The China tried hard, but only Sammy Stumpo, a pinch hitter, looked like he had the ticket.

Sammy's long drive into left field was the hardest hit ball off Russell all night. But, unfortunately for Sammy, Chet Tettlow was under it for the out and the game.

Russell allowed only four hits, walked none and had seven men whiffing the air. Ritchie, too, was fast and hot. He walked two men, allowed only five hits and struck out three.

The VFW-Furnace game was a much simpler affair. The Vets led off in their half of the first frame with two runs, scored on a single by Del Courtney and a home run by Catcher Ralph Moffett.

A triple by "Sarge" Ware in the second failed to produce a run for the Furnace. It was a fine blow but lacked support.

The VFW added another run in the third on a lead-off single by Pitcher Johnny McQuiston and another by Clyde Letcher, Vet shortstop. Things were quiet until the fifth, when McQuiston again hit, this time a double, and scored on another single by Bob Cameron.

The Furnace made its only threat in the sixth, when one run scored on a walk and a single by Carroll Beck. Knight tallied the marker. McQuiston fanned the other three batters.

For the game McQuiston fanned nine, walked one and allowed only four hits. Marshall Sutherin allowed six hits, walked none and fanned two.

In tonight's card are included two Class B games, preceding the A tilts. The Corso-Sekely game goes at 5:45, the Men About Town meet the Morris Oils at 6:34 and the Bliss-VFW fray is to start at 7:45. The finale, Deming vs Amvets, begins at 8:45.

"Confident" Kirby Does It Again, Cops Bat Title

"Confident" Kirby Laughlin has done it again.

The speedy little Amvet shortstop led all American league softball batters by a wide margin this season, compiling a terrific .564 average—one of the highest ever recorded in local softball.

In pacing his team to another outstanding season, Laughlin rapped out 31 hits in 55 times at bat, meaning that he made only 24 outs the entire year.

His feat marked the third time since the end of the war that Laughlin has led the city league or leagues in batting. He will receive his third trophy during the playoffs this week.

Trailing by 144 percentage points, but still with a respectable mark, is Howdy Kerr, Deming second sacker, with .428. It is twice that Kerr has ranked high in recent years. He took down one of two trophies two years ago.

Don McCoy of Swetyes was a surprise third, with .403, edging Jimmy Appedison of the Amvets, who checked in with .395.

Laughlin led the league in total hits and his teammates Pat Mancuso and Appedison scored the most runs, with 35 and 33 respectively. The latter two each notched 30 hits.

Of the batters hitting over .250, the Diner has six, the Amvets five, and the Democrats eight, although most of the men listed for the Democrats are below .300.

Si Wagner of the Saxons batted a lousy .417 to lead those players who played in less than the required number of games.

"Naturally, this talk about kids 'quitting' bothers me. I don't like such talk at all. But as for the squad, we haven't lost anyone of importance to the team."

Coach Ben went on to say that the first week of practice, finished Friday, was an "unusually tough one."

He says, "A lot of the boys may have felt it was too tough. But because the calendar was revised this football is a rugged game. A after his birth."

DEPARTMENT OF INFORMATION

There are some football rumors floating about Salem that definitely require dispelling.

According to several inquiries and reports reaching this office Friday and Saturday, football players are dropping off the Salem Quaker squad "in droves."

"This is," according to Coach Ben Barrett, "a lot of nonsense. It's true some of the boys are leaving the squad," the Salem coach said Monday, "but as yet we haven't lost a football player."

Barrett accentuated the "football players" part.

There is little point in naming names, but Barrett feels quite certain that, to date he hasn't lost any charges who would have proved valuable to the team in the long run.

Some of the kids are dropping off the squad because the pace has been too strenuous and because a lot of them realize that their chances of making the varsity are very slim," he explained.

"In past seasons we have always kept a huge squad through the entire season, just to give the kids who wanted to be out the chance to take part," he elucidated.

"But this season, I honestly feel that our schedule is too tough, the prospects of development too limited, to spend time with a lot of youngsters who we are certain will not be first line value to us. As a result, we have seriously considered 'cutting' the squad, something new since I've been in Salem," the coach commented.

"Naturally, this talk about kids 'quitting' bothers me. I don't like such talk at all. But as for the squad, we haven't lost anyone of importance to the team."

Coach Ben went on to say that the first week of practice, finished Friday, was an "unusually tough one."

FARM NEWS OF LOCAL INTEREST...

No longer is the farm wood lot a forgotten 40 where the owner cuts winter stove wood and occasionally shoots a squirrel. Wood is a cash crop that adds an imposing share to farm income.

Signs of this new business hang by entrance gates of selected farms in 23 states. The words "Tree Farm" are lettered in white on a green background. The man who displays this sign is working an organized plan of conserving timber.

One of these tree farms belongs to Warren H. Bowman in Stark county. Thru the years his attractive 92-acre wood lot has provided much of the farm's own timber needs. But recently the wood lot has taken on new importance. Over \$6,500 of wood products have been sold in the last 2 years. Christmas trees, cordwood and sawlogs have been the principal harvest from natural growth timber and hand planted forest of white and red pine, black walnut and tulip trees.

Bowman's 92 acres is part of 18 million acres of timber certified in Tree Farms in 8 years. There is good reason for this interest in small farm timber tracts. Farmers own 30 percent of our tree land.

The average farm woodland contains 43 acres. Three-fourths of the pulpwood used in paper-making in the United States last year came from farmer-owned forest tracts. These tracts haven't been cut as carefully as larger forests. A cooperating tree farmer has the help of forestry experts in marking his trees for selective cutting. Inspection and certification of Tree Farms is done by state forestry associations.

Alabama was the first state to join the Tree movement but Michigan and Missouri are starting this year. Ohio tree farms are favored in state taxation. The

RETAIL SALES IN OHIO DECREASING

COLUMBUS, Aug. 30.—(INS)—Ohio's retail business is slowing down.

The business research bureau of Ohio State university reported today that retail trade in July was 10 percent under that of a year ago and five percent under June. A seasonal drop from June to July was expected, but the decrease exceeded the seasonal change.

Only auto dealers had sales above July of last year. For other lines, decreases ranged

Leetonia Water Pump To Be Set

LEETONIA, Aug. 30 — The Board of Public Affairs will install its recently-purchased turbine pump at the Pearl st. pumping station this week.

The 300-gallon-a-minute pump was purchased from the Deming Co. at Salem on their low bid of \$1,400. This figure includes installation costs.

The board plans to spend an additional \$500 or \$600 to build a new pump house and to reinforce the floor with additional steel beams. The new pump will boost the output at the pumping station to 450 gallons a minute which will take care of the needs of the village for sometime.

Ralph Sposetta, waterworks superintendent, says the installation of the unit will not disrupt the water service.
Mrs. George Lance of Cleveland spent the weekend with her parents, Mr. and Mrs. C. Eldon Holt, Jr. and Mrs. Ray Holt of Euclid were Sunday guests of his brother and family. David and James Holt, who had spent the past four days at the Holt home accompanied their parents home.

Deborah class of St. Paul's Lutheran church will hold its monthly meeting at the church parlors Wednesday evening with Mrs. Alton Brinker, Mrs. Detmar Weikart and Mrs. Dean Weikart associate hostesses.
Sally Grappy, Kay Blackwood, Jacqueline Greenamyer, Carl Early, Larry Knepper and Wayne Stratton have returned to their homes after attending the Steubenville district Junior High camp near Carrollton last week.

Local Visitors
Rev. and Mrs. Ben Varner who have made their home in Miami, Fla., for the past year, are visiting at the home of Mrs. Varner's parents, Mr. and Mrs. A. J. Spat-holt. Rev. Varner will return to his pastorate at Bethlehem Lutheran church, Youngstown, after Sept. 1.

Henry Grace of Pittsburgh spent the weekend with his mother, Mrs. A. H. Grace.

Rev. and Mrs. T. P. Laughner and daughter Joan returned Sunday evening from a weekend visit at Convoys, O. Saturday evening, they attended the wedding of Miss Georgianna Herl of Convoys and Robert Keyser, Van Wert, at Bethlehem Lutheran church in Convoys. conference as Britain's top delegates held last-minute talks on a cabinet plan for dealing with the dollar problem.

Sir Stafford Cripps, chancellor of the exchequer, returned to his desk at the treasury for the first time since he left for his rest in Switzerland weeks ago. He conferred with his ranking experts.

Bevin, who will sail with Cripps tomorrow night aboard the Mauretania, met with his staff at the foreign office.

The cabinet brief reaffirmed Cripps' rejection of devaluation of the pound as a quick cure in itself. But it proposed the following moves immediately:

1. Cuts in government costs at home.
2. Increased U. S. stockpiling of strategic materials which would bring in dollars.
3. Increased U. S. government and private investment within the sterling bloc.

Simplification by the United States customs procedures which could be carried out on short notice.

The four-hour cabinet talks yesterday put an end to rumors that the cabinet was aligned against Cripps on the devaluation issue. Informed sources reported that the split, of one ever existed, vanished in the course of the meeting, with Cripps' view dominant.

The reported agreement amounted to a willingness by the British to talk devaluation, but not to cheapen the pound unless that was part of a broad program with compensating concessions to Britain for immediate losses involved.

Officials said Britain, with short term measures in view, would continue to insist in Paris on a revision of Marshall plan

allocations. The British also will ask to be allowed to use Marshall plan dollars for wheat purchases in Canada, although they were committed to buying from the United States since wheat has been declared surplus there.

Informants said a two-man committee would propose tomorrow to the organization for economic cooperation council that Britain receive \$962,000,000. The provisional figure set by experts earlier was \$850,000,000. Informed sources said the new
